1. I confirm that I have read the information sheet Version 2.0 dated 01/11/23 for the Oxford Biobank and have had the opportunity to ask questions and had these answered satisfactorily.	
2. I understand that my participation is voluntary and that I am free to withdraw at any time, without giving any reason and without my medical care or legal rights being affected.	
3. I agree to donate blood and urine samples. I consider these samples a gift to the University of Oxford and I understand I will not gain any direct personal benefit from this.	
4. I understand that any personal information and medical history obtained from me will be kept confidential.	
5. I understand that data collected during the study may be looked at by authorised individuals from the University of Oxford, where it is relevant to my taking part in the Oxford BioBank. I permit these individuals access to my records.	
6. I agree to have a DEXA scan performed. If I am a woman of child-bearing age I understand that I will be offered a pregnancy test, prior to the scan.	
7. I agree that the samples I have donated and the information data gathered about me can be stored for use in future research studies aimed at identifying the interactions between genes, the environment and disease. I understand that the results of these investigations are unlikely to have any implications for me personally.	
8. I understand that I will be informed if any of the results of the medical tests performed as part of the Oxford BioBank are important for my health.	
9. I understand that I will not be able to have access to any genetic data generated from my samples.	

10. I know how to contact the research team if I need to, and how to get information about the results of the Oxford BioBank.	
11. I agree that data and/or samples collected about me may be shared with other researchers in the UK and possibly internationally. If the sample or data is sent out of the EU, where the same data protection safeguards may not apply, it will be fully anonymised and none of my personal details will be made available.	
12. I agree to take part in the Oxford BioBank.	
Additional:	
13. I agree to be contacted and invited to participate in research studies based on the results obtained from my samples and information I provide or which has been retrieved from databases. I will be provided with full information about these studies when and if I am contacted. I understand that I am free to decide whether or not to take part in these studies.	
14. I agree to be contacted and invited to participate in additional procedures for the BioBank based on the results obtained from my samples and information I provide or which has been retrieved from databases. I will be provided with full information about these studies when and if I am contacted. I understand that I am free to decide whether or not to take part in these studies	
Diabetes cohort ONLY	
15. I give permission for the research team to access my medical records for further information that is relevant to my taking part in future research studies.
